NOTE: The 1-Day Self-Employment Discovery Workshop perfectly prepares delegates to participate in, and extract the maximum benefit from, the Start-Up Skills programme.

- **Connectivity**

In order to participate in the online course, you will need a personal laptop or tablet with a webcam and microphone enabled and a stable broadband connection with at least 2Mbps spare bandwidth and a fixed, quiet environment. The course will take place via Zoom.

You will be emailed further information nearer the course, including how to get online & join the virtual workshop for free.

- **FAQ**

- Is there an age range for the course?
 - You have to be 18 or over to attend.
- What do I need to do in advance of the course?
 - You need to sign up to XFE Hub as a member and complete the questionnaire before the training.
- What will be the structure of the course?
 - It will be delivered through a mixture of online resources, the virtual instructor leads training sessions, virtual group exercises with peers, literature review, individual remote exercises and individual interim self-paced work.
- What if I can no longer attend?
 - We would respectfully request that, in the unfortunate event that you can no longer join us on the date booked, you give us at least 7 days warning so that we can ensure these vital spaces are filled. This is especially key during these uncertain times.

We limit class sizes to between 8-10 people to ensure maximum success for participants. XFE is proud to celebrate 7 years of delivering these highly acclaimed and consultative training workshops. We help you understand your personal motivations for business start-up and help you strategize and plan to make the business a success: your success is our success.

James who attended a virtual Self-employment discovery workshop said: "This course gave an excellent insight into how to get started. I have had self-doubt about the immensity of being self-employed and this course really gave me clarity on what I had to do next and tools to structure and refine my idea. Clear and sensible advice that made my goal feel more achievable. Very supportive delivery too."
